

Leucophyllum langmaniae 'Lynn's Legacy' Lynn's Legacy Sage, San Jose Sage

This selection of Texas sage was collected by Lynn Lowrey, a very special plantsman from east Texas. Lynn, who passed away in 1997, is a legend among botanists and plant collectors. With his usual discerning eye, Lynn picked out this clone for its profuse and frequent flower displays. 'Lynn's Legacy' grows to about 5 feet tall and wide, with a dense, rounded form. Its green foliage is a wonderful backdrop for the lavender flowers. Compared to most selections of Texas sage, this clone is not as dependent on changes in relative humidity for flowering, so more flowers can be expected. In Texas this clone is also sold as 'Lynn's Everblooming' and San Jose sage.

AT A GLANCE SUMMARY	
SIZE (H X W)	5 feet x 5 feet
FLOWER COLOR	Lavender
FLOWER SEASON	Summer into fall
EXPOSURE	Full sun
WATER	Low
GROWTH RATE	Moderate
HARDINESS	10° F, USDA Zone 8
